Regulation was discussed in great detail at the meeting with many countries looking for some form of European regulation while others are self-regulating. AML is a big issue around Europe and discussions took place on a European wide tool to complete the CDD for all agents. IPAV and SCSi intend to complete a joint project on such a tool.

### Galway & Mayo Members Discuss Their Local Market

On a recent visit to Galway and Mayo, Pat Davitt, IPAV's CEO met with IPAV Members to discuss current market values and local market conditions. While January started off well, the market has quietened in the past months, properties in good areas are selling well and rental prices are high. Traditionally the market seems like a good first six months with a quiet back end.
