

420 Delegates Attend IPAV & TEGoVA Valuation Conference

Not only was it an IPAV record, but we also broke TEGoVA's record for attendance! We had an overwhelming response from Members, fellow professionals, media and European Delegates, and to surpass 400 attendees, is a testament to our CEO Pat Davitt, our Members, and our team. Our Membership and partnership with TEGoVA has grown from strength to strength and provides IPAV members with an assurance that the valuation standards continually being developed and governed are of the highest calibre. Our speakers delivered world class presentations and we are exceptionally privileged to now be in a position to share these presentations with our Members, which you can access [here](#). We also witnessed a historical MOU signing between TEGoVA and the Appraisal Institute.
