IPAV's Property Survey

Thank you to IPAV Members who signed up as a participant in our Property Survey. The aim of this bi-annual report is to create a barometer for property prices, as recorded by Members, selling at ground level. The reports produced will serve as a fantastic tool for IPAV Members; however, to get to that stage, IPAV needs your commitment in completing the short survey. Without your input, IPAV cannot maintain an accurate and reliable report for members.
