

## **Special purpose award Top up route for Green Cert Graduates**

The Institute of Professional Auctioneers and Valuers in partnership with ICOS and TU Dublin, Tallaght deliver a special award that satisfies the requirements of Property Services Regulatory Authority for A licensing purposes (A licence only).

Graduates who have successfully completed the Teagasc level 6 green cert and are working for a firm that is a member of ICOS are eligible to apply for this award on the basis of their qualification.

This route is student friendly and requires the applicant to undertake a practical work based Professional Practice module to satisfy the requirement of the award.

Intending students will be required to attend two online lecture days at specified dates and will have one academic semester in which to complete all the elements of the module in order to obtain the award. The Top up course must be successfully completed within the time frame to obtain the qualification.

In addition, as the course has a property/land aspect candidates who are not working in the profession will be required to obtain work experience/work shadowing while on the course

### **Fee:**

Students will be required to pay the fee of €2,750.00 which includes registration, induction on the online learning platform, monitoring/correcting assessments, access to TU Dublin services while completing the course.

### **Application:**

Applications should be made directly to IPAV through the registration form provided by IPAV and should be accompanied by a copy of the applicant's Level 6 Green certificate or transcript.
